

TARENTUM BUDGET PLAN

The Borough of Tarentum is offering residential customers the opportunity to contract for a Budget Plan. Under this plan, we will estimate your yearly cost for water, electric, and rubbish and divide this total into twelve equal installments. These installments become the “budget payment amount” for your billing each month.

We will review your account every six months to determine if, your level amount should be changed to achieve a zero balance at the end of your budget year. There also may be times that we readjust your budget amount due to usage pattern changes, unusual weather conditions or utility rate changes.

If you prefer the Budget Payment Plan, please complete and submit the application to Tarentum Borough, 318 2nd Ave., Tarentum, PA 15084

If you are a tenant, your landlord will be notified of your application and must approve and sign the request.

Please read all the rules before deciding if the budget plan is right for you.

1. The Budget payment must be paid, in full, by the due date on your bill.
2. Any partial payment or any payment missed, for whatever reason, will result in removal from the Budget Plan. Your account may be subject to disconnection if payments are not made by the due date.
3. The only notification that your Budget Plan amount has changed is the change of the amount due on your billing. We do not send letters to indicate your Budget amount has changed.
4. You may, at any time, elect to be removed from the Budget Plan. You must pay your bill in full at the time of request.
5. Payment extensions will not be granted to customers on the Budget Plan.
