(1) 243/245 W 7th Ave, (2) 339 W 11th Ave, and (3) 532 E 3rd Ave.</p> <p>Property #1 has been previously condemned. It was originally part of current demo project 2021.03. Due to minor confusion regarding asbestos remediation, we agreed to remove this property from the existing contract with Siegel Excavation. We still need to take action on this property.</p> <p>Property #2 has been previously condemned. It was on several prior demolition lists, but we continued to remove the property from the list because of the internal condition and contents of the home. We should move forward on this item with special consideration toward some of the home contents.</p> <p>Property #3 is in the process of being condemned. It is also a significant concern that has presented new issues in the recent months. We are awaiting the results of an asbestos survey at this property.</p>
