Michael

Not sure if it's a huge ordeal but wanted to ask permission if we could block off wood street in front of our diner for the day on the 17th.

Originally we wanted to look into blocking 6th but knew it would create havoc,, not sure if wood street is even crucial but might need additional room if this event takes off.

Give me shout if you get a chance on my cell 724 448 7502 or email is fine too..

Thanks
Mark
