ATTN Borough Manager:

We the members at Summit Hose are requesting to conduct a rabies clinic on the date of September 12<sup>th</sup> 2020 at the Marina. This decision for a new locale was made with the ever changing dynamics of the covid-19 situation. Previous years rabies clinics were conducted at the fire hall substation, but with the 6ft distance recommendations from the CDC we would require more space that the Marina would adequately cover in order to ensure public safety. The event will run from 11am to 1pm on the day of September 12<sup>th</sup>. When a decision is made for this request or any additional clarifications on the event are needed, please feel to call Firefighter Member Javon Thorpe at 724-472-7357.

Thank you.
