Subject: Shed at the garden

Good morning,

I am inquiring about placing a shed at the garden. As it is borough property I was wondering if we could do this and how we would properly secure permission to place a shed at the garden. I would also be happy to discuss where we could place one. We are looking at a 8x10 or 10x10 shed.

I can be reached at the above email or at 724-448-7618.

Thank you,
Rev. Philip Beck
