The bidder shall thoroughly examine and familiarize himself with the site plan and contract documents. The contractor, by the execution of the contract, shall in no way be relieved of any obligation under it due to his failure to receive or examine any form or legal instrument or to visit the site and acquaint himself with the existing conditions. Certified check or bank draft must be payable to the order of Tarentum Borough. Cash Deposits Will Not Be Accepted. The bid guaranty shall insure the execution of the Agreement and the furnishing of the surety bond(s) by the successful Bidder, all as required by the contract documents.

107. COLLUSIVE AGREEMENTS

- a. Tarentum Borough shall have the right to take such steps as it deems necessary to determine the ability of the bidder to perform his obligations under the contract, and the bidder shall furnish Tarentum Borough such information and data for this purpose as it may request. The right is reserved to reject any bid where an investigation of the available evidence or information does not satisfy Tarentum Borough that the bidder is qualified to properly carry out the terms of the contract.

109. CORRECTIONS

Erasures or other changes in the bid must be explained or noted over the signature of the bidder.

110. TIME FOR RECEIVING BIDS

- a. Bids received prior to the advertising time of opening will be securely kept unopened. The officer whose duty it is to open them will decide when the specified time has arrived, and no bid received thereafter will be considered.
- b. Bidders are cautioned that, while email modifications of bids may be received as provided above, such modifications, if not explicit and if in any sense subject to the misinterpretation, shall make the bid so modified or amended subject to rejection.

111. OPENING OF BIDS

At the time and place fixed for the opening of bids, Tarentum Borough will cause to be opened and publicly read aloud every bid received within the time set for receiving bids, irrespective of any irregularities therein. Bids may be withdrawn in writing or via email by the Bidder prior to the time of bid opening; provided, that written confirmation is placed in the mail and postmarked prior to the time set for bid opening. The bid guaranty of any bidder withdrawing his bid in accordance with the foregoing conditions will be returned promptly.

113. AWARD OF CONTRACTS: REJECTION OF BIDS

- a. The Contract will be awarded to:
 - i. The lowest responsible bidder complying with the conditions of the INVITATION TO BID, provided such bid is reasonable and is in the best interest of Tarentum Borough to accept it; or
 - ii. In those cases where the bidder pays Tarentum Borough (where the bidder is bidding to buy salvage), the highest responsible bidder complying with the conditions of the INVITATION TO BID provided it is in the best interest of Tarentum Borough to accept it.
- b. Tarentum Borough reserves the right to reject any and all bids and to waive any

informality in bids received whenever such rejection or waiver is in its interest. The bidder to whom the award is made will be notified at the earliest possible date.

- c. Tarentum Borough reserves the right to reject a bid from any bidder which it deems to be unqualified or not responsible to perform the work described in the contract, regardless of whether such bidder submits the lowest bid. In its determination of whether such bidder is qualified or responsible, Tarentum Borough may consider the fact that a bidder does not habitually perform with their own forces the major portions of the work involved in the demolition and site clearance process.

114. EXECUTION OF AGREEMENT: PERFORMANCE AND PAYMENT BOND

- a. Within fifteen (15) days of written notification of the award of the bid, the successful bidder shall, within the period specified herein, furnish a surety bond in a total bond amount of not less than the amount of the estimated cost of demolition and site clearance including all items of overhead, and without credit for salvaged materials, as set out in the accepted proposal as security for the faithful performance of the contract, and for the payment of all persons, firms or corporations to whom the contractor may become legally indebted for labor, materials, tools, equipment, or services of any nature, including utility and transportation services, employed or used by him in performing the work. Such bond shall bear the same date as, or a date subsequent to, that of the agreement. The current power of attorney for the person who signs for any surety company shall be attached to such bond. This bond shall be signed by a guaranty or Surety Company listed in the latest issue of the U.S. Treasury Circular 570 and authorized to do business in the Commonwealth of Pennsylvania and the total bond amount shall be within the maximum specified for such company in said Circular 570.
- b. The failure of the successful bidder to supply the required bond or bonds within fifteen (15) days shall constitute a default, and Tarentum Borough may either award the contract to the next lowest responsible bidder or re-advertise for bids, and may charge against the bidder the difference between the amount of the bid and the amount for which a contract for the work is subsequently executed, irrespective of whether the amount thus due exceeds the amount of the Bid Bond. In the event a more favorable bid is received through re-advertising, the defaulting bidder hereby waives any and all claims or causes of action it may have against Tarentum Borough arising from the bid/award process including, but not limited to, any rights it may have to a refund of any monies from Tarentum Borough for or relating to this Agreement, or the bidding process.
- c. Upon completion of the project the contractor shall submit a maintenance bond

to Tarentum Borough in the amount of the total project cost. Said bond shall be in effect for one (1) year from the date of acceptance of the completed project by Tarentum Borough.

115. ACCEPTANCE/REJECTION OF BIDS

Tarentum Borough reserves the right to reject any and all bids for the demolition work to be performed. The demolition work subject to this bidding process is anticipated to be carried out on more than one site within Tarentum Borough.

203. RELEASE OF BUILDINGS

It is anticipated that each building or group of buildings to be demolished will be released by a "Notice to Proceed" to the Contractor. Failure by Tarentum Borough to release any building or buildings, however, shall not be grounds for any claim by the Contractor for extra compensation.

204. SCHEDULE OF BUILDINGS

The schedule of buildings shows the parcel ID number, address, and description of the properties for demolition and site clearance.

The buildings or structures in each project of the demolition area will be shown on the site plan and location map.

205. LIQUIDATED DAMAGES

- a. It may be difficult to accurately assess the damage caused by delay of the contractor in completing the work required by the contract. Since actual damages may be substantial, the parties agree upon the sum of FIVE HUNDRED DOLLARS (\$500) per day as liquidated damages, for which the contractor and his sureties

shall be liable. Said damages shall be paid by the contractor to Tarentum Borough for each calendar day beyond the date stipulated for completion (or as modified in accordance with the section entitled, CHANGES IN THE WORK, under GENERAL CONDITIONS FOR DEMOLITION AND SITE CLEARANCE) for any part of the contract work not fully and satisfactorily completed. The determination of whether the demolition work has been satisfactorily completed shall remain within the sole discretion of Tarentum Borough.

- b. Tarentum Borough may accept partial completion of the demolition area if the work of demolition thereon has been satisfactorily completed and the surface of the ground brought to the condition set forth in the technical specifications, if needed to proceed with further development of a project. The contractor shall release such areas upon the request of Tarentum Borough.

206. RESPONSIBILITIES OF CONTRACTOR

Except as otherwise specifically stated in the contract documents and technical specifications, the contractor shall provide and pay for the materials, labor, tools, equipment, water, light, heat, power, transportation, superintendence, temporary construction of every nature, charges, levies, fees or other expenses incurred and all other services and facilities of every nature whatsoever necessary for this performance of the contract within the specified time.

207. COMMUNICATIONS

- a. All notices, demands, requests, instructions, approvals, proposals and claims must be in writing.
- b. Any notice to or demand upon the contractor shall be considered sufficiently delivered if done so by hand delivery at the office of the contractor, if deposited via US mail, or emailed to such office.
- c. All papers required to be delivered to Tarentum Borough shall, unless otherwise specified in writing to the contractor, be delivered to the Tarentum Borough Manager. Any notice to or demand upon Tarentum Borough shall be considered sufficiently delivered if done so by hand delivery at the Borough Municipal Building, if deposited via US mail, or emailed to the Borough Manager.
- d. Any such notice shall be deemed to have been given as of the time of actual delivery or (in the case of mailing) when the same should have been received in due course of posting, or in the case of being emailed, at the time received, as the case may be.

208. WORK NOT INCLUDED IN CONTRACT

Any work noted on the site plan or mentioned in the technical specifications or both, or mentioned by an addendum as not being a part of the contract are not included in the contract.

209. CONTRACT DOCUMENTS AND SITE PLAN

210. SPECIAL CONDITIONS

All previous and subsequent general, special and technical specifications continue to apply to the enclosed demolition project. Further, certain special conditions may exist relative to the various properties included in this project. Below you will find any special conditions that may be relevant or necessary for the successful bidding, demolition and completion of the contract.

PROPERTY #1. 339 W 11th Avenue. Parcel ID #: 122-S-182.

The two-story residential structure located at 339 W 11th contains a significant amount of internal contents and personal belongings that have accumulated over a long period of time. Said contents are impacting the access and integrity of the structure. Due to the excessive and voluminous amount of contents, entry to the property is deemed hazardous and unsafe.

If possible, the property owner hopes to have a few minor items of personal property salvaged and recovered. Items include a few musical instruments and some personal documents.

Tarentum Borough is asking the successful bidder to work with our code officer at the outset of the demolition to determine if a reasonable effort can be made during the demolition process to recover these items. The contractor and code officer shall jointly determine the viability and likelihood of recovery. The code officer shall make a final determination as demolition proceeds as to whether the items can be salvaged in a safe and appropriate fashion. If said items are not easily obtainable, the contractor will not be required to salvage the items.

If items can be generally salvaged without risk to contractor health and safety, the items of personal property would remain in the possession and control of Tarentum Borough, and

said items shall not become property of the contractor. For further information and questions on this special condition, please contact Tarentum Borough Code Officer Anthony Bruni (abruni@tarentumboro.com) to learn more.

The contractor shall also provide an adequate staff for the proper coordination and expediting of his work.

303. SUBCONTRACTS

The contractor shall not execute an agreement, with any subcontractor or permit any subcontractor to perform any work included in this contract, until he has submitted a non-collusion affidavit from the subcontractor in substantially the form detailed below and has received written approval of subcontractor from Tarentum Borough.

The contractor shall be fully responsible to Tarentum Borough for the acts and omissions of his subcontractors, and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him.

The contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the work to require compliance by each subcontractor with the applicable provisions of this contract for demolition and site clearance.

Nothing contained in this contract shall create any contractual relationship between any subcontractor and Tarentum Borough.

304. OTHER CONTRACTS

Tarentum Borough may award, or may have awarded, other contracts for additional work, and the contractor shall cooperate fully with such other contractors, by scheduling his own work with that to be performed under other contracts as may be directed by Tarentum Borough. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor as scheduled.

305. PAYMENTS

Tarentum Borough, before making any payment, may require the contractor to furnish releases or receipts from any or all persons performing work and supplying material or services

to the contractor, or any subcontractor, if this is deemed necessary to protect its interest. Tarentum Borough, however, may make payment in part or in full to the contractor without requiring the furnishing of such releases or receipt any payments so made shall in no way impair the obligations of any surety or sureties on any bond or bonds furnished under this contract.

306. CHANGES IN WORK

Tarentum Borough may make changes in the scope of the work required to be performed by the contractor by making additions thereto, or by omitting work therefrom, without invalidating the contract, and without relieving or releasing the contractor from any of his obligations under the contract or any guarantee given by him pursuant to the contract provisions, and without affecting the validity of the guaranty bonds, and without relieving or releasing the surety or sureties of said bonds provided that the total net amount of the changes does not change the contract amount by more than 25%. All such work shall be executed under the terms of the original contract unless it is expressly provided otherwise.

Except for the purpose of affording protection against any emergency endangering life or property, the contractor shall make no change in the work of demolition and site clearance, provide any extra or additional work, or supply additional labor, services or material beyond that actually required for the execution of the contract, unless in pursuance of a written order from Tarentum Borough authorizing the change. No claim for an adjustment of the contract price will be valid unless so ordered.

If applicable unit prices are not contained in the agreement or if the total net changes increase or decrease the total contract price more than twenty-five percent 25% Tarentum Borough shall, before ordering the contractor to proceed with desired changes, request an itemized proposal for him covering the work involved in the change after which the procedure shall be as follows:

1. If the proposal **is acceptable** Tarentum Borough will prepare the change order in accordance therewith for acceptance by the contractor, and
2. If the proposal **is not acceptable** and prompt agreement between the two parties cannot be reached, Tarentum Borough may order the contractor to proceed with the work on a cost-plus-limited basis. A cost-plus-limited basis is defined as a net cost of the contractor's labor, materials and insurance plus fifteen percent (15%) of said net cost to cover overhead and profit, the total cost not to exceed a specified limit.

Each change order shall include in its final form: 1) a detailed description of the change in the work; 2) the contractor's proposal (if any) or a conformed copy thereof; 3) a definite statement as to the resulting change in the contract price and/or time; and 4) the statement that all work involved in the change shall be performed in accordance with contract requirements except as modified by the change order.

307. CLAIMS FOR EXTRA COST

If the contractor claims that any instructions by Site Plan or otherwise involve extra cost or extension of time, he shall, within ten days after the receipt of such instructions, and in any event before proceeding to execute the work, submit his protest thereto in writing to Tarentum Borough stating clearly and in detail the basis of his objections. No such claim will be considered unless so made.

Any discrepancies which may be discovered between actual conditions and those represented by the Site Plan shall at once be reported to Tarentum Borough and work shall not proceed, except at the contractor's risk, until written instructions have been received by him from Tarentum Borough.

If, on the basis of the available evidence, Tarentum Borough determines that an adjustment of the contract price and/or time is justifiable, the procedure shall then be as provided for in Section 306: Changes In Work.

308. ASSIGNMENT OR NOVATION

The contractor shall not assign or transfer, whether by an assignment or novation any of its rights, duties, benefits, obligations, liabilities or responsibilities under this contract without the written consent of Tarentum Borough; provided, however, that assignments to banks, trust companies, or other financial institutions may be made without the consent of Tarentum Borough. No assignment or novation of this contract shall be valid unless the assignment or novation expressly provides that the assignment of any of the contractor's rights or benefits under the contract is subject to a prior lien for labor performed, services rendered and materials, tools and equipment supplied for the performance of the work under this contract in favor of all persons, firms or corporations rendering such labor or services or supplying such materials, tools or equipment.

309. DISPUTES

All disputes arising under this contract or its interpretation, except those disputes or claims covered by the Federal Labor Standards Provisions, whether involving law or fact or both, or extra work, and all claims for alleged breach of contract shall within ten (10) days of commencement of dispute, be presented by the contractor to Tarentum Borough for decision. All papers pertaining to claims shall be filed in quadruplicate. Such notice need not detail the amount of the claim but shall state the facts surrounding the claim in sufficient detail to identify the claim together with its character and scope. In the meantime, the contractor shall proceed with the work as directed. Any claim not presented within the time limit specified within this paragraph shall be deemed to have been waived, except that if the claim is of a continuing character and notice of the claim is not given within ten (10) days of its commencement, the claim will be considered only for a period commencing ten (10) days prior to the receipt by Tarentum Borough of notice thereof.

The contractor shall submit in detail his claim and his proof thereof. Each decision by the governing body of Tarentum Borough will be in writing and will be mailed to the contractor by registered/certified mail, return receipt requested.

If the contractor does not agree with any decision of Tarentum Borough, he shall in no case allow the dispute delay the work but shall notify Tarentum Borough promptly that he is proceeding with the work under protest and he may then except the matter in question from the final release.

310. TECHNICAL SPECIFICATIONS AND SITE PLANS

Anything mentioned in the Technical Specifications and not shown on the Site Plans, or shown on the Site Plans, or shown on the Site Plans and not mentioned in the Technical Specifications, shall be of like effect as if shown on or mentioned in both. In case of difference between Site Plans and Technical Specifications, the Technical Specifications shall govern. (In case of any discrepancy in the Site Plans or Technical Specifications, the matter shall be immediately submitted to Tarentum Borough, without whose decision said discrepancy shall not be adjusted by the contractor, save only at his own risk and expense). In the event the contractor believes a conflict or discrepancy exists in the site plans or technical specifications, he shall immediately contact Tarentum Borough. Upon receipt of a written communication from the Contractor regarding such conflict or discrepancy, Tarentum Borough shall immediately resolve same and advise the Contractor, in writing, of the manner of proceeding. The Contractor hereby agrees that he shall take no action to resolve any discrepancy or conflict on his own and that he shall be fully responsible to the local government agency for any claims, causes of action or damages that arise from such actions.

311. REQUESTS FOR SUPPLEMENTARY INFORMATION

It shall be the responsibility of the contractor to make timely requests of Tarentum Borough for any additional information not already in his possession which should be furnished by Tarentum Borough under the terms of this contract, and which he will require in the planning and execution of the work. Such requests may be submitted in writing from time to time as the need is approached, but each shall be filed in ample time to permit appropriate action to be taken by all parties involved so as to avoid delay. The Contractor shall be fully responsible for any delay in his work or to others arising from his failure to comply fully with the provisions of this section.

312. ACCIDENT PREVENTION

The contractor shall exercise proper precaution at all times for the protection of persons and property and shall be responsible for all damages to persons or property, either on or off the site, which occur as a result of his fault or negligence in connection with the prosecution of the work. The safety provisions of applicable laws and building and construction codes shall be observed, and the contractor shall take or cause to be taken such additional safety and health

measures as Tarentum Borough may determine to be reasonably necessary. Machinery, equipment and all hazards shall be guarded in accordance with the safety provisions of the "Manual of Accident Prevention in Construction" published by the "Associates General Contractors of America, Inc." to the extent that such provisions are not in conflict with applicable local laws.

The contractor shall maintain an accurate record of all cases of death, occupational disease, and injury requiring medical attention or causing loss of time from work, arising out of and in the course of employment on work under the contract. The contractor shall promptly furnish Tarentum Borough with reports concerning these matters.

The contractor shall indemnify and hold harmless Tarentum Borough from any claims or damages resulting from personal injury and/or death suffered or alleged to have been suffered by any person as a result of any work conducted under this contract.

313. REVIEW BY LOCAL PUBLIC AGENCY

Tarentum Borough, its authorized representatives and agents, shall at all times have access to and be permitted to observe and review all work, materials, equipment, and other relevant data or records pertaining to this contract, provided, however, that all instructions and approvals with respect to the work will be given to the contractor only by Tarentum Borough through its authorized representatives or agents.

314. GENERAL GUARANTY

Neither the final certificate of payment nor any provision in the contract documents nor partial or entire use or occupancy of the premises by Tarentum Borough shall constitute an acceptance of work not done in accordance with the contract or relieve the contractor of liability in respect to any express warranties or responsibility for failure to comply with terms of the contract documents. Tarentum Borough will give notice of observed noncompliance with reasonable promptness.

315. RISK OF LOSS

Tarentum Borough assumes no responsibility for the condition of existing buildings and structures and other property on the project area nor for their continuance in the condition existing at the time of issuance of the Invitation to Bid or thereafter. No adjustment of contract price or allowance for any change in conditions which may occur after the Invitation to Bid has been issued, will be made.

316. REMOVAL AND SALVAGE OF EXISTING BUILDINGS

Upon execution of the contract for the work of demolition and site clearance on all or any part of the demolition area, possession and control of the buildings, structures and other

property to be demolished and/or removed by the contractor, on said part or all of the project area as described in the notice to proceed, shall be deemed to be vested in the Contractor, subject to all provisions of the contract and the following:

1. No right, title property or interest of any kind whatsoever in or to the land or premises upon which such buildings or structures stand, is created, assigned, conveyed, granted or transferred to the contractor, or any person or persons, except only the license and right of entry to remove such buildings and structures in strict accordance with the contract.
2. Only such property may be salvaged by the contractor as permitted by the property owner. Should the contractor choose to salvage any items or property without prior consent of the property owner, they do so at their own risk.
3. All salvage becomes the property of the contractor and bid prices shall reflect any bid reduction. 4. Personal property of third persons or owners of buildings on the site shall not become the property of the contractor.
5. In the event Tarentum Borough terminates the Contractor's work during the course of the demolition project, any and all rights the Contractor may have to use, possess or control the buildings, structures, material or property subject to the demolition contract, shall likewise immediately terminate. In such event, the right to possession and control of such site shall revert to and vest in Tarentum Borough without prejudice to any claim which Tarentum Borough may have against the Contractor arising from the Contractor's default.
6. Materials left in the demolition area after acceptance of the work by Tarentum Borough shall be deemed to have been abandoned by the contractor to Tarentum Borough and title thereto shall thereupon revert to and vest in Tarentum Borough, without prejudice, however, to any claim which Tarentum Borough may have against the contractor arising from the action of the contractor in so leaving such materials on the site.

Unless otherwise specified, no dwelling structures shall be removed from the premises as a whole, or in a substantially whole condition, but all such buildings shall be demolished on the premises.

317. LIVE UTILITIES AND OTHER PROPERTY

The contractor shall assume all responsibility for damage attributable to him to any

property upon, or passing through, the project area, but excluded from the work or not given to Tarentum Borough by the property owner, such as utility lines, surface improvements or like items.

406. SIDEWALK OPENINGS

The covers of all sidewalk openings such as coal holes, vaults or stair wells connected with

buildings or lots in the Demolition Area shall be removed and the openings filled with approved materials tapped level with the sidewalk.

407. BARRIERS

The Contractor shall erect substantial permanent timber barriers or another approved barrier by Tarentum Borough, around any unfilled basement or group of unfilled basements in the Demolition Area for the protection of the public and to limit trespassing. Such barriers shall also be erected along sidewalk where there is no basement but where building demolition will result in an abrupt change in grade between the sidewalk and the parcel cleared. Barriers shall have posts of 4 x 4 minimum size spaced on 8' centers maximum and set 30" into the ground. Rails shall be 2 x 4 minimum size, two in number and spaced 1' - 4' and 3' above grade. The Contractor shall remove all debris and equipment and dispose of all materials from the site of the work, and leave the ground clear of all materials, rubbish or debris, and in a clean and neat condition, as demolition of each structure is completed.
