Dear Tarentum Board of Directors,

On behalf of the Library Board of Directors, we would like to extend our deepest gratitude for passing a resolution celebrating our library's 100th anniversary. It is an honor to be recognized by our local government and we are incredibly grateful for your support.

As a community resource, our library has been serving Tarentum and its surrounding areas for a century now. We have provided a wealth of knowledge, resources, and educational programs to countless individuals over the years. Our goal has always been to promote literacy, learning, and personal development. With the support of the community and local government, we have been able to do just that.

Your recognition of our 100th anniversary is a testament to the value our library holds within the community. It is a reminder that the work we do is appreciated and that we have made a positive impact on the lives of those we serve. Your support encourages us to continue providing access to information and resources that empower individuals to learn and grow.

Once again, we thank you for your time, support, and recognition of our library's 100th anniversary. We look forward to continuing our work and serving our community.

Sincerely,
The Library Board of Directors
