To the Borough Council  
Borough of Tarentum, Pennsylvania

## Independent Auditor's Report

### Opinions

I have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Borough of Tarentum, Allegheny County, Pennsylvania as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise Borough of Tarentum's basic financial statements as listed in the table of contents.

### ***Basis for Qualified Opinion on Governmental and Business-Type Activities***

The Borough of Tarentum's Non-Uniform Pension Plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS is responsible for providing participating members with actuarially calculated values for their net pension liability, deferred outflows and Inflows of resources, and pension expense. Accounting principles generally accepted in the United States requires these values to be updated at least bi-annually. PMRS has been unable to provide the Borough of Tarentum with these actuarially calculated values for calendar year 2021. Consequently, I was unable to determine whether any adjustments to those amounts were necessary, and therefore, the amounts reported in the accompanying financial statements for the net pension liability and related deferred outflows and inflows of resources are the same as reported in the Borough's financial statements for the year ended December 31, 2020, dated December 29, 2021.

### ***Qualified Opinion***

In my opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Borough of Tarentum as of December 31, 2021 and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Borough of Tarentum and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Tarentum's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Borough of Tarentum's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Tarentum's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

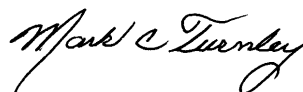

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages iv-xv and the defined benefit trust funds' historical pension information and post-retirement healthcare plan information on pages 58-65 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Tarentum's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information (Schedules 1-4) is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**BOROUGH OF TARENTUM**  
**ALLEGHENY COUNTY, PENNSYLVANIA**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**  
**REQUIRED SUPPLEMENTARY INFORMATION (RSI)**  
**DECEMBER 31, 2021**

**INTRODUCTION**

This discussion and analysis of the Borough of Tarentum's financial performance provides an overall review of the Borough's financial activities for the year ended December 31, 2021. The intent of Management's Discussion and Analysis (MD&A) is to provide readers with an appreciation for the financial status of the Borough, the challenges faced and accomplishments achieved. The reader should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the Borough's financial performance.

The Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. Certain comparative information between the current year and the prior year is required to be presented in the MD& A.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for 2021 are as follows:

- The Borough's governmental activities net position increased from a deficit of \$334,189 at 12/31/2020 to a deficit of \$137,724 at 12/31/2021. The Borough's business-type activities (Electric, Water and Storm Sewer Funds) net position increased from \$1,607,038 at 12/31/2020 to \$1,962,585 at 12/31/2021.
- The Borough's combined governmental fund balance decreased from \$124,743 at December 31, 2020 to \$65,544 at December 31, 2021.

**USING THE ANNUAL FINANCIAL REPORT**

The Annual Financial Report consists of the Management Discussion and Analysis (this section) and a series of financial statements and notes to those statements. These statements are organized so that the reader can understand the Borough of Tarentum as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The first two statements are government-wide financial statements – the Statement of Net Position and the Statement of Activities. These provide both long-term and short-term information about the Borough's overall financial status.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**  
**REQUIRED SUPPLEMENTARY INFORMATION (RSI)**  
**DECEMBER 31, 2021**

**USING THE ANNUAL FINANCIAL REPORT (Continued)**

The remaining statements are fund financial statements that focus on individual parts of the Borough's operations in more detail than the government-wide statements. The governmental funds statements tell how general Borough services were financed in the short term as well as what remains for future spending. The proprietary fund statements provide information on the Electric Fund, Water Fund and Storm Sewer Fund. Fiduciary fund statements provide information about financial relationships where the Borough acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong. The police pension fund comprises the Borough's fiduciary fund.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Figure A-1 shows how the required parts of the Financial Section are arranged and relate to one another:

**REQUIRED SUPPLEMENTARY INFORMATION (RSI)**  
**DECEMBER 31, 2021**

**OVERVIEW OF FINANCIAL STATEMENTS**

**GOVERNMENT-WIDE STATEMENTS**

The government-wide statements report information about the Borough as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Borough's net position and how they have changed. Net position, the difference between the Borough's assets and liabilities, are one way to measure the Borough's financial health. Over time, increases or decreases in the Borough's net position is an indication of whether its financial health is improving or deteriorating, respectively. To assess the overall health of the Borough, you need to consider additional non-financial factors, such as changes in the Borough's property tax base and the condition of the Borough's infrastructure (roads and sewers).

The government-wide financial statements of the Borough consist of the following category:

- Governmental activities – All of the Borough's basic services are included here, such as general administration, public safety and public works. Property and Act 511 taxes and state grants finance most of these activities.
- Business-type activities – The Borough operates an electric fund and a water fund and charges user fees to cover the costs of operating the electric and water systems.

**FUND FINANCIAL STATEMENTS**

The Borough's fund financial statements, which begin on Page 3, provide detailed information about the most significant funds – not the Borough as a whole. The general and highway aid funds are required by state law.

**OVERVIEW OF FINANCIAL STATEMENTS (Continued)**

**FUND FINANCIAL STATEMENTS (Continued)**

**Governmental Funds** – Most of the Borough’s activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Borough’s operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the Borough’s programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Enterprise Funds** – The Borough’s Electric, Water, and Storm Sewer Funds are responsible for receipting charges for water, electric and storm sewer services rendered to the Borough’s residents and using these funds to defray the cost of maintaining these systems of services.

**Fiduciary Funds** – The Borough is the trustee, or fiduciary, for the police pension fund. All of the Borough’s fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position on Pages 11 and 12. We exclude these activities from the Borough’s other financial statements because the Borough cannot use these assets to finance its operations.

**FINANCIAL ANALYSIS OF THE BOROUGH AS A WHOLE**

The Borough has presented its financial statements using the reporting model required by Government Accounting Standards Board Statement No. 34 (GASB Statement #34), “Basic Financial Statements and Management’s Discussion and Analysis (MD&A) for State and Local Governments for several years. Comparative information from the prior year is shown as reflected below.

| <b>TOTAL NET POSITION</b>                         | <b>\$ (137,724)</b>           | <b>\$ 1,962,585</b>         | <b>\$ 1,824,861</b> | <b>\$ 1,272,849</b> |

The increase in current assets is primarily attributable to an increase in cash (\$446,382) and taxes receivable (\$112,961). Non-current assets decreased given the lack of significant fixed asset additions in the current year and continued depreciation of the existing assets. The change in long-term liabilities is primarily due to a decrease in net pension liability of \$212,004 and a decrease in the long-term portion of debt of \$159,922. The change in deferred outflows and deferred inflows is directly related to the updated actuarial valuations received by the Borough related to its pension plan and other post-employment benefits obligations as of 12/31/2021.

**FINANCIAL ANALYSIS OF THE BOROUGH AS A WHOLE (Continued)**

The results of this year's operations as a whole are reported in the Statement of Activities on Page 2. All expenses are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the Borough's activities that are supported by other general revenues. The largest general revenues are local taxes assessed to and derived from community taxpayers.

Table A-2 takes the information from the Statement of Activities, rearranges it slightly, so you can see our total revenues, expenses, and change to the net position for 2021 and 2020.

Table A-2  
Year ended December 31, 2021 and 2020

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

At December 31, 2021, the Borough had \$3,065,782 invested in capital assets for its proprietary funds, including buildings and improvements, machinery & equipment, and electric system and improvements net of depreciation. This amount represents a net decrease (including additions, deletions and depreciation) of \$322,606 or approximately 9.5% from last year. The Borough had approximately \$36,971 in capital additions during the 2021 year which is comprised of water system improvements.

**Long Term Debt**

On December 31, 2021, the Borough had \$3,998,268 of long-term debt outstanding in the form of General Obligation Notes, General Obligation Bonds and Capital Leases. This represents a decrease of 7.2% from December 31, 2020. Additional long-term debt obligations including the Borough's net pension liability, net OPEB liability, and compensated absences are detailed in the Notes to the Financial Statements.

**Contacting the Borough**

This financial report is designed to provide our residents, taxpayers, customers, investors and creditors with a general overview of the Borough's finances and to demonstrate the Borough's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact:

Alice Drisko, Director of Finance  
Borough of Tarentum  
318 Second Avenue

The accompanying notes are an integral part of these financial statements

**BOROUGH OF TARENTUM**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**DECEMBER 31, 2021**

**Total Fund Balances - Governmental Funds** **\$ 65,544**

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different from amounts reported for governmental funds on the balance sheet (Exhibit C) because:

Property taxes receivable in the statement of net position, which will not be available soon enough to pay for the current period's expenditures (i.e., within 90 days of year-end), are deferred and not recognized as revenue in governmental funds. 677,171

Deferred outflows and inflows of resources related to pensions and OPEB are applicable to future periods and, therefore, are not reported in the funds.

|                                                    |             |
|----------------------------------------------------|-------------|
| Deferred outflows of resources related to pensions | 341,511     |
| Deferred outflows of resources related to OPEB     | 16,090      |
| Deferred inflows of resources related to pensions  | (1,116,181) |
| Deferred inflows of resources related to OPEB      | (47,541)    |

Long term liabilities are not due and payable in the current period, and therefore, are not reported as liabilities in the governmental funds.  
Long-term liabilities at year end consist of:

|                               |            |          |
|-------------------------------|------------|----------|
| Notes payable                 | \$ 281,605 |          |
| Net pension liability (Asset) | (371,830)  |          |

The accompanying notes are an integral part of these financial statements

**BOROUGH OF TARENTUM**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS**  
**STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES**  
**TO THE STATEMENT OF ACTIVITIES**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS** **\$ (59,199)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense. 112,901

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 59,150

Because certain property taxes will not be collected for several months after the Borough's year ends, they are not considered as "available" revenues in the governmental funds. Deferred inflows of resources decreased during the calendar year 2021. 96,095

In the statement of activities, certain operating expenses - compensated absences and net OPEB liabilities- are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid). This is the amount by which compensated absences and OPEB earned exceeded the amount paid. (12,482)

**CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES** **\$ 196,465**

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**REPORTING ENTITY**

The Borough of Tarentum was incorporated on March 7, 1842, under the provisions governing the creation of municipal corporations in the Commonwealth of Pennsylvania. Members of Borough Council are elected by the voting public. These Council members have complete authority over the operations and administration of the Borough's activities. The major functions of the Borough include public safety, maintenance of Borough infrastructure (roads), maintenance of parks and other recreational facilities for use by Borough residents, water and electric service, sanitation, and general administrative functions necessary to facilitate Borough resident needs and responsibilities.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of the Borough of Tarentum consists of all funds, departments, boards and agencies that are not legally separate from the Borough. Generally accepted accounting principles defines component units as legally separate entities that are included in the Borough's reporting entity because of the significance of their operating or financial relationships with the Borough. Based on the application of these criteria, the Borough of Tarentum has no component units.

**FINANCIAL STATEMENT PRESENTATION**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS** – The statement of net position (Exhibit A) and the statement of activities (Exhibit B) display information about the Borough as a whole. These statements include all of the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the Borough that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. That is the same approach used in the preparation of the proprietary funds financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations (Exhibits D and F) with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities (Exhibit B) presents a comparison between direct expenses and program revenues for the Borough's business-type activities (electric and water fund operations) and for each function of the Borough's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Borough. General revenue consists mainly of taxes, cable franchise fees, unrestricted grants, and other miscellaneous receipts not earmarked for a specific function. The comparison of direct disbursements with program receipts identifies the extent to which the business-type activity or government function is self-financing or draws from the general receipts of the Borough.

**FUND FINANCIAL STATEMENTS** – Fund financial statements report detailed information about the Borough. Under generally accepted accounting standards, the focus of governmental fund financial statements is on major funds rather than reporting funds by type. Major funds represent the Borough's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. For Tarentum Borough, the General Fund is always considered a major fund. Each major governmental fund is presented in a separate column. Non-major governmental funds, if any, are segregated and combined in a single column.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF ACCOUNTING AND MEASUREMENT FOCUS**

The financial statements of the Borough of Tarentum have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units with one exception. The Borough does not present the historical cost, accumulated depreciation, and depreciation expense for its governmental activities fixed assets in the statement of net position (Exhibit A) and statement of activities (Exhibit B). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The most significant of the Borough's accounting policies are as follows:

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Business-type activities in the government-wide financial statements and proprietary fund financial statements are prepared using the accrual basis of accounting. Governmental activities in the government-wide financial statements and governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the source (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (revenues) and decreases (expenses) in total net position. The statement of cash flows provides information about how the Borough finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds are reported using the economic resources measurement focus.

Revenue for business-type activities resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Borough, available means expected to be received within sixty days of fiscal year-end.

Revenue resulting from non-exchange transactions, in which the Borough receives value without directly giving equal value in return, includes property taxes, grants and contributions. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be 'available' (as previously defined) before it can be recognized.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF ACCOUNTING AND MEASUREMENT FOCUS (Continued)**

The management of the Borough of Tarentum has determined that the revenues most susceptible to accrual at December 31, 2021 are **1)** delinquent real estate taxes earned by the Borough in December of 2021 **2)** deed transfer taxes and vehicle code violations earned by the Borough in December of 2021 **3)** certain taxpayer assessed Act 511 taxes, **4)** water, electric, trash, and EPA sewer fees billed to the Borough residents and collected in January 2022 for 2021 **5)** cable franchise fees earned during the year, and **6)** other miscellaneous revenues estimable and available to the Borough for 2021 but not as yet collected at December 31, 2021. On the governmental fund financial statements, receivables that will not be collected within the 'available' period have been reported as 'deferred inflows of resources'.

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. The primary expenditures deemed susceptible to accrual at December 31, 2021 are those for which Council's intention was to expense these items as budgeted for in the 2021 official budget, and for which the Borough has incurred an obligation during 2021, but has not paid as of December 31, 2021.

**FUND ACCOUNTING**

The Borough uses funds to report on its financial position and the results of its operations during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Borough functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Fund categories are defined as follows:

**Governmental Funds** – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Borough's major and non-major governmental funds:

**MAJOR GOVERNMENTAL FUND:**

**GENERAL FUND** - Established under 'The Borough Code' of the Commonwealth of Pennsylvania and is used for the general operations of the Borough. Income in this fund is derived mainly from assessed revenues such as real estate taxes, local taxes established under Act 511, charges for services, transfers from the Borough's Electric Fund, and other miscellaneous revenues not designated for other restricted fund purposes. These revenues are used for general ongoing government services such as public safety, public works, general administration of the Borough and other miscellaneous operating expenses.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND ACCOUNTING (Continued)**

**NON-MAJOR GOVERNMENTAL FUNDS:**

**LIQUID FUELS FUND** (SPECIAL REVENUE) - Established and restricted under Act 655 of the Commonwealth of Pennsylvania. Funding is received from the Commonwealth and is restricted in use for the maintenance, repair and construction of roads, streets and bridges for which the Borough is responsible.

**RECREATION FUND** – (SPECIAL REVENUE) – Established to account for concession revenues and donations to be used for various culture and recreation expenses.

**CAPITAL RESERVE FUND** – (CAPITAL PROJECTS) – Established to account for transfers from the Electric Fund for various capital improvements related to the Borough.

**Proprietary Funds** - used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies within the Borough (internal service funds). The Borough maintains the Electric Fund, the Water Fund and the Storm Sewer Fund as its proprietary funds. Based on the criteria for determining major funds as set forth in GASB Statement No. 34, the Borough's Electric Fund and Water Fund are considered major funds.

**Fiduciary Funds** – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held by the Borough under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Borough's own programs. Custodial funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust fund. The Borough has two pension trust funds (police pension and non-uniform pension). The Borough does not maintain any other type of fiduciary fund.

**BUDGETS**

In December of 2020 the Borough of Tarentum adopted its 2021 annual budget for the General Fund totaling \$3,643,991, in accordance with the provisions of the Borough Code. The original and final budgetary amounts are reflected in these financial statements (Exhibit E). All annual appropriations of the general fund lapse at year-end.

The Borough uses the following procedures in establishing this budgetary data:

- a. In accordance with the Borough Code, beginning at least 30 days prior to the adoption of the budget, which shall not be later than December 31, a proposed budget for the ensuing year shall be prepared. The proposed budget shall be kept on file with the Borough and made available for public inspection for a period of ten days. Notice that the proposed budget is available for inspection is published in a newspaper of general circulation. After expiration of the ten days, Council makes such revisions in the budget as deemed advisable and shall adopt the budget by motion.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BUDGETS** (Continued)

- b. Transfers of budget amounts are authorized between departments within any fund. However, any revisions that alter the total appropriations of any fund must be approved by the Council.

**ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Borough's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**CASH AND CASH EQUIVALENTS**

For purposes of the accompanying financial statements, cash and cash equivalents include amounts in demand deposit accounts and all highly liquid short-term investments with original maturity terms of less than three months.

**INVESTMENTS**

Provisions of the Borough Code authorize the following investments:

- I. Obligations of (a) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or (c) of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.
- II. Deposits in savings accounts, time deposits and share accounts of institutions insured by the Federal Deposit Insurance Corporation (FDIC) to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral, as provided by law, is pledged by the depository.
- III. U.S. government obligations, short-term commercial paper issued by a public corporation, and banker's acceptances.

Fiduciary fund type investments include mutual funds and equity securities.

**RECEIVABLES**

Water, Electric, Storm Sewer and Trash receivables are reflected at net realizable value as of December 31, 2021.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as 'due from/to other funds' on the balance sheet. For the purposes of the government-wide statement of net position, governmental interfund receivables and payables have been eliminated. Amounts due between governmental activities and business-type activities, if any, are presented as off-setting internal balances on the statement of net position.

**CAPITAL ASSETS AND DEPRECIATION**

All capital assets of the Borough's business-type activities are recorded at cost (or estimated historical cost). Donated fixed assets are recorded at fair value at the time of receipt. The Borough does not maintain a specific dollar threshold for fixed asset capitalization. The cost of infrastructure is included in the government-wide statement of net position for business-type activities and the proprietary fund financial statements. Routine repair and maintenance costs that do not add to the value of the asset or extend its useful life are charged as an expense.

All reported capital assets for business-type activities, except land and construction in progress, are depreciated using the straight-line method over the following useful lives:

| <b><u>CATEGORY</u></b>           | <b><u>USEFUL<br/>LIFE</u></b> |
|----------------------------------|-------------------------------|
| Building & Building Improvements | 15-20 years                   |
| Machinery and Equipment          | 5-30 years                    |
| Vehicles                         | 3-5 years                     |

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or 'financial flow' measurement focus. This means that only the current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of 'available spendable resources'. Governmental operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of 'available spendable resources' during a period. Under the modified accrual method of accounting, capital assets purchased by governmental funds are recorded as expenditures in the fund financial statements (Exhibits E and G). The Borough does not capitalize and depreciate the cost of its governmental activities fixed assets purchases in accordance with generally accepted accounting principles.

**COMPENSATED ABSENCES (Vacation)**

The Borough reports compensated absences in accordance with the provisions of generally accepted accounting standards. Unused vacation days for Borough employees are accrued at their respective hourly rates of pay per each collective bargaining agreement. The entire compensated absences liability of \$11,171 is shown as a long-term liability in the government-wide statement of net position. For governmental fund financial statements, compensated absences are recorded as expenditures when paid rather than accrued when earned.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources.

However, the non-current portion of compensated absences and retiree health benefit liabilities that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, liabilities that mature or come due for payment within 60 days of the end of the fiscal year-end, are considered to be paid with current available financial resources. Notes and other long-term obligations, if any, that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due. The Borough's General Fund is typically used to liquidate long-term liability obligations.

The results of recognizing these long-term obligations as liabilities on the government-wide statement of net position and statement of activities, as opposed to recording these same obligations as an expenditure in the fund financial statements (Exhibit E) only when paid, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**OPERATING REVENUES AND EXPENSES**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Borough of Tarentum, these revenues are water and electric usage charges and other miscellaneous revenues directly related to the operations of the Borough's Water and Electric Funds. Operating expenses are the necessary costs incurred to operate the Borough's sewer system. Non-operating revenues of the Boroughs Water and Electric Funds consist of investment earnings, sale of borough property, and insurance reimbursements for fixed assets. Non-operating expenses consist of interest expense related to the Borough's bond and lease obligations.

**UNEARNED REVENUE**

Unearned revenue arises when the Borough receives resources before it has legal claim to them. This occurs when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Borough has a legal claim to the resources, the unearned revenue liability is removed and revenue is recognized.

**LONG-TERM DEBT FINANCING COSTS**

Bond issue costs are recorded as expenditures in the governmental or proprietary fund financial statements in the year paid. During the 2021 calendar year, the Borough did not incur bond issuance or other financing costs.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**NET POSITION**

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy Borough obligations. Net position is classified as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of debt that are attributable to the acquisition, construction and improvement of the capital assets, plus deferred outflows of resources less deferred inflows of resources related to those assets.
- Restricted Net Position – This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets. Restricted net position represents the balance of funds in the Borough's Liquid Fuels Fund restricted under Act 655 of the Commonwealth of Pennsylvania.
- Unrestricted – Consists of net position that does not meet the definition of 'restricted' or 'net investment in capital assets'.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Borough's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES**

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Borough has three items that qualify for reporting in this category. They are deferred outflows related to the Borough's pension and OPEB plans and deferred interest on refunding of bonds, reported on the statement of net position (Exhibit A).

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The Borough has three items that qualify for reporting in this category. They are delinquent real estate taxes reported on the governmental funds balance sheet (Exhibit C), and deferred inflows related to the Borough's pension and OPEB plans, reported on the statement of net position (Exhibit A).

**PENSIONS**

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position, and additions to/deductions from the pension plan's (the plan) fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment assets are reported at fair value. More information on pension activity is included in Note 11.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**OTHER POST-EMPLOYMENT BENEFITS**

For the purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position of the OPEB plans (Plans), and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. More information on other post-employment benefit activity is included in Note 12.

**FUND EQUITY**

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity's fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance – amounts that are not in spendable form (such as prepaid expenses and inventory) or are required to be maintained intact.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation. Restricted fund balance represents the balance of funds in the Borough's Liquid Fuels Fund restricted under Act 655 of the Commonwealth of Pennsylvania.
- Committed fund balance – amount constrained to specific purposes by the Borough itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.
- Assigned fund balance – amounts the Borough intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. Assigned fund balance includes \$15,482 for various culture and recreation activities and \$50,001 for various capital improvements related to the Borough as listed in Exhibit C.
- Unassigned fund balance – amount that are available for any purpose.

The Borough of Tarentum establishes (and modifies and rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. Council has given authority to the Borough Manager to assign fund balance.

When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the Borough's general policy to spend the committed resources first, followed by assigned amounts and then unassigned amounts.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**ADOPTION OF GASB PRONOUNCEMENTS**

The requirements of the following GASB Statements were adopted for the Borough's 2021 financial statements. Except where noted, the adoption of these pronouncements did not have a significant impact on the Borough's financial statements.

**GASB Statement No. 89**, *'Accounting for Interest Cost Incurred before the end of a Construction Period'*. The primary objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and, (b) to simplify accounting for certain interest costs.

**GASB Statement No. 92**, *'Omnibus 2020'*. The primary objectives of this statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of GASB Statement Nos. 73, 74, 84, and 87. In addition the Statement addresses various topics and includes specific provisions concerning the following:

- Measurement of liabilities (and assets, if any) related to asset retirement obligations (ARO) in a government acquisition – effective December 31, 2022.
- Reporting by entity risk pools for amounts that are recoverable from reinsurers or excess insurers
- Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature – effective December 31, 2022
- Terminology used to refer to derivative instruments

**GASB Statement No. 93**, *'Replacement of Interbank Offered Rates'*. The primary objectives of this Statement are to address the accounting and financial reporting implications that result from the replacement of an interbank offering rate (IBOR). Paragraphs 13 and 14 from this Statement are effective for the Borough's December 31, 2022 financial statements.

**PENDING GASB PRONOUNCEMENTS**

**GASB Statement No. 87**, *'Leases'*. The primary objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. The provisions of this Statement are effective for the Borough's December 31, 2022 financial statements.

**GASB Statement No. 91**, *'Conduit Debt Obligations'*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The provisions of this Statement are effective for the Borough's December 31, 2022 financial statements.

**GASB Statement No. 94**, *'Public-Private and Public-Public Partnerships and Availability Payment Arrangements'*. The primary objectives of this Statement are to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs), and provide guidance for accounting and financial reporting for availability payment arrangements (APAs). The provisions of this Statement are effective for the Borough's December 31, 2023 financial statements.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**PENDING GASB PRONOUNCEMENTS (Continued)**

**GASB Statement No. 96**, '*Subscription-Based Information Technology Arrangements (SBITA)*'. The primary objectives of this Statement are as follows:

- Defines a SBITA
- Establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability
- Provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA
- Requires note disclosures regarding a SBITA

The provisions of this Statement are effective for the Borough's December 31, 2023 financial statements.

**GASB Statement No. 97**, '*Certain Component Unit Criteria and Accounting and Financial Report for Internal Revenue Code Section 457 Deferred Compensation Plans*'. The primary objectives of this Statement are to 1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; 2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and 3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The provisions of this Statement are effective for the Borough's December 31, 2022 financial statements.

**GASB Statement No. 98**, '*The Annual Comprehensive Financial Report*'. The statement establishes the term *annual comprehensive financial report* and its acronym ACFS. The new term and acronym replace instances of *comprehensive annual financial report* and its acronym in generally accepted accounting principles for state and local governments. The provisions of this Statement are effective for the Borough's December 31, 2022 financial statements.

The effects of implementing these Statements on the Borough's financial statements have not yet been determined.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS**

**CASH DEPOSITS:**

At December 31, 2021, the Borough of Tarentum had the following carrying values on its cash and cash equivalent accounts:

|                   | <b><u>Bank Balance</u></b> | <b><u>(Memo Only)<br/>Book Balance</u></b> |
|-------------------|----------------------------|--------------------------------------------|
| General Fund      | \$ 591,784                 | \$ 498,154                                 |
| Non-Major Funds   | 102,565                    | 102,093                                    |
| Proprietary Funds | 538,637                    | 538,537                                    |
| Fiduciary Funds   | 67,498                     | 67,498                                     |
| <b>Total</b>      | <b><u>\$ 1,300,484</u></b> | <b><u>\$ 1,206,282</u></b>                 |

The difference between the bank balance and the book balance represents year-end reconciling items such as deposits in transit and outstanding checks. The Federal Deposit Insurance Corporation (FDIC) coverage threshold for government account \$250,000 per official custodian. This coverage includes checking and savings accounts, money market deposit accounts, and certificates of deposit.

**Custodial Credit Risk**

Custodial credit risk is the risk that in the event of a bank failure, the Borough's deposits may not be returned to it. The Borough does not have a separate policy for custodial credit risk in addition to the requirements of the Borough Code. As of December 31, 2021, \$1,050,484 of the Borough's bank balance total is exposed to custodial credit risk as this amount represents uninsured deposits collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the Borough's name. In accordance with Act Number 72-1971 Session of the Commonwealth of Pennsylvania, the aforementioned deposits, in excess of \$250,000, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

**INVESTMENTS:**

The fair value and maturity term of the Borough's investments as of December 31, 2021 is as follows:

|                           | <b><u>Fair Value</u></b>   | <b><u>No Stated<br/>Maturity</u></b> |
|---------------------------|----------------------------|--------------------------------------|
| <b>Fiduciary Funds:</b>   |                            |                                      |
| Mutual Funds/Fixed Income | \$ 1,249,242               | \$ 1,249,242                         |
| Equity Securities         | 2,736,302                  | 2,736,302                            |
|                           | <b><u>\$ 3,985,544</u></b> | <b><u>\$ 3,985,544</u></b>           |

**Custodial Credit Risk:**

For an investment, custodial credit risk is the risk that in the event of failure of the counterparty, the Borough will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The Borough's fiduciary fund investments, with the exception of equity securities, are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. The Borough does not have a specific policy that would limit its investment choices to those with certain credit ratings.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)**

**INVESTMENTS (Continued):**

**Interest Rate Risk:**

The Borough has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk:**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Borough has no formal investment policy, in addition to the requirements of the Borough Code and the Intergovernmental Cooperation Act, that limits its investment choices based on credit ratings by nationally recognized rating organizations. Ratings were unavailable for the Borough's corporate obligations at December 31, 2021.

**Concentration of Credit Risk:**

The Borough places no limit on the amount it may invest in any one issuer.

At December 31, 2021, the following are investments that represent five percent or more of the net position available for benefits:

|                                    | <b><u>Police<br/>Pension Plan</u></b> |
|------------------------------------|---------------------------------------|
| Baird Aggregate Bond Fund          | \$ 328,530                            |
| Blackrock Core Bond Portfolio Fund | 323,470                               |
| Federated Hermes Int'l Equity Fund | 261,811                               |
| IShares Core S&P 500               | 614,363                               |
| Principal Midcap Fund - R6         | 317,284                               |
| Western Asset Core Plus Bond Fund  | 221,037                               |
| Investments less than 5%           | 1,919,049                             |
|                                    | <u>\$ 3,985,544</u>                   |

**Fair Value Measurements:**

The Borough of Tarentum's investments are reported at fair value within the fair value hierarchy established by generally accepted accounting principles. Generally accepted accounting principles *provides* a framework for measuring fair value which establishes a three-level fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable (level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1** – Observable inputs that reflect quoted prices for identical assets or liabilities in active markets such as stock quotes
- **Level 2** – Includes inputs other than level 1 inputs that are directly or indirectly observable in the marketplace such as yield curves or other market data

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)**

**INVESTMENTS (Continued):**

**Fair Value Measurements (Continued):**

- **Level 3** – Unobservable inputs which reflect the reporting entity's assessment of the assumptions that market participants would use in pricing the asset or liability including assumptions about risk such as bid/ask spreads and liquidity discounts.

The following schedule presents the Investments of the Borough by level within the fair value hierarchy:

|                           | <b>Value<br/>at 12/31/2021</b> | <b>Fair Value Measurements</b> |                |                |
|---------------------------|--------------------------------|--------------------------------|----------------|----------------|
|                           |                                | <b>Level 1</b>                 | <b>Level 2</b> | <b>Level 3</b> |
| Mutual Funds/Fixed Income | \$ 1,249,242                   | \$ 1,249,242                   | \$ -           | \$ -           |
| Equity Securities         | 2,736,302                      | 2,736,302                      | -              | -              |
|                           | <u>\$ 3,985,544</u>            | <u>\$ 3,985,544</u>            | <u>\$ -</u>    | <u>\$ -</u>    |

**NOTE 3 - PROPERTY TAXES**

The Borough of Tarentum levies property taxes March 1st of each calendar year. The calendar dates for payment of these taxes are as follows:

**PAYMENT PERIOD**

|                          |                   |
|--------------------------|-------------------|
| March 1 – April 30, 2021 | (Discount period) |
| May 1 to May 31, 2021    | (Face period)     |
| After May 31, 2021       | (Penalty period)  |

The tax millage assessment for the 2021 calendar year is 5.48 mills on the assessed value of land and buildings, which represents \$5.48 of revenue for every \$1,000 of assessed value. Taxpayers are entitled to a 2% discount if taxes are paid by May 31st. Collections after June 30th are assessed a 10% penalty. Taxes unpaid as of December of the year following levy are collected by the local tax collector. As of December 31, 2021, \$78,069 of 2021 real estate taxes are unpaid which represents 13% of the total assessed property taxes for 2021.

Taxes receivable as shown in the government-wide statement of net position includes prior year property taxes of \$677,171. For purposes of the governmental fund financial statements, the above property taxes receivable, although measurable, does not meet the available criteria to finance current fiscal year operations. Accordingly, this amount is equally off-set as a credit to deferred inflows of resources in the fund financial statements.

The effect of recognizing property tax revenue when taxes are levied, as opposed to when they are received using the 'measurable and available' criteria under the modified accrual basis of accounting, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 3 - PROPERTY TAXES (Continued)**

Taxes receivable are comprised of the following at December 31, 2021:

|                        |                          |
|------------------------|--------------------------|
| Delinquent real estate | \$ 677,171               |
| Deed transfer taxes    | 16,021                   |
| Local service tax      | 13,129                   |
| RAD tax                | 14,473                   |
| Earned income tax      | 58,357                   |
|                        | <b><u>\$ 779,151</u></b> |

**NOTE 4 – OTHER RECEIVABLES**

Other receivables and utilities receivable, as reflected in Exhibits A and C, consist of the following at December 31, 2021:

|                       | <b><u>Governmental</u></b> | <b><u>Business-Type</u></b> |
|-----------------------|----------------------------|-----------------------------|
| Cable Franchise Fees  | \$ 15,173                  | \$ -                        |
| Garbage Fees          | 49,100                     | -                           |
| Electric Service Fees | -                          | 390,158                     |
| Water Service Fees    | -                          | 90,220                      |
| Storm Sewer Fees      | -                          | 13,534                      |
| Miscellaneous         | 324                        | -                           |
|                       | <b><u>\$ 64,597</u></b>    | <b><u>\$ 493,912</u></b>    |

**NOTE 5 - DUE FROM OTHER GOVERNMENTAL UNITS**

The 'due from other governmental units' has no balance as of 12/31/2021.

**NOTE 6 – INTER-FUND OBLIGATIONS AND TRANSFERS**

Inter-fund receivables and payables as reflected on the governmental funds balance sheet (Exhibit C) and proprietary fund statement of net position (Exhibit H) are comprised of the following:

|                              | <b><u>Receivable</u></b>    | <b><u>Payable</u></b>       |
|------------------------------|-----------------------------|-----------------------------|
| General Fund                 | \$ 5,990,072                | \$ 6,480,420                |
| Non-Major Governmental Funds | 2,951                       | -                           |
| Proprietary Funds            | 6,732,887                   | 6,245,490                   |
|                              | <b><u>\$ 12,725,910</u></b> | <b><u>\$ 12,725,910</u></b> |

During the year ended December 31, 2021, the General Fund transferred \$9,000 to the Recreation Fund as a reimbursement for expenses incurred by the Recreation Fund. In addition, the Electric Fund transferred \$696,895 to the General Fund and \$246,100 to the Water Fund for operating costs. The Storm Sewer fund transferred \$6,621 to the Electric fund for miscellaneous expenses.

**NOTE 8 – LONG-TERM DEBT OBLIGATIONS – GOVERNMENTAL FUNDS**

**DIRECT BORROWING – GENERAL OBLIGATION NOTE**

**NOTE PAYABLE – PENNSYLVANIA INFRASTRUCTURE BANK**

In 2017, the Borough of Tarentum issued a General Obligation Note to the Pennsylvania Infrastructure Bank the amount of \$453,700 for the Borough of Tarentum Bridge Project. The terms of the note call for ten (10) monthly principal and interest payments totaling \$49,850.44 beginning in September of 2018. The interest rate on the note is 1.75% and it is scheduled to expire on September 1, 2027.

**DEFAULT PROVISIONS ON PENNSYLVANIA INFRASTRUCTURE BANK NOTE**

Remedies in the event of default on the Pennsylvania Infrastructure Bank note are prescribed under the Pennsylvania Local Government Debt Act. The pledge of future liquid fuels allocations can serve as security for payment of principal and interest on the note obligation.

A schedule of the December 31, 2021 debt service requirements on the Governmental Fund's general obligation notes is as follows:

|                            | <b>PA Infrastructure</b>  |                           |                          |
|----------------------------|---------------------------|---------------------------|--------------------------|
| <b>Year End<br/>31-Dec</b> | <b>Bank<br/>Principal</b> | <b>Total<br/>Interest</b> | <b>TOTAL</b>             |
| 2022                       | \$ 44,922                 | \$ 4,928                  | \$ 49,850                |
| 2023                       | 45,708                    | 4,142                     | 49,850                   |

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 9 – LONG-TERM DEBT OBLIGATIONS - PROPRIETARY FUNDS**

**BONDS PAYABLE – SERIES OF 2011**

In February of 2011, the Borough of Tarentum issued General Obligation Bonds – Series of 2011 in the amount of \$4,045,000 to **1)** currently refund General Obligation Note, Series of 1998, **2)** finance certain capital projects of the Borough, and **3)** pay all costs incurred with the issuance of the bonds. The bonds were issued in denominations of \$5,000. Subsequently, the Borough issued General Obligation Bonds, Series of 2016 for the purpose of advance refunding a portion of the General Obligation Bonds - Series of 2011. The unrefunded bonds totaled \$1,540,000. Interest payments on the unrefunded portion are payable semi-annually on March 1 and September 1 at rates ranging between 2.75% and 5.25%. The bonds provide for early redemption features as described in the official statement. The Bonds are scheduled to mature on September 1, 2030 and are secured by the full faith and taxing power of the Borough. Management has determined that the Water and Electric Funds are responsible for 61% and 39% of the debt respectively.

**BONDS PAYABLE – SERIES OF 2016**

In March of 2016, the Borough of Tarentum issued General Obligation Bonds – Series 2016 in the amount of \$2,730,000 to **1)** advance refund a portion of General Obligation Bonds, Series of 2016, and **2)** pay all costs incurred with the issuance of the bonds. The bonds were issued in denominations of \$5,000 with interest payable semi-annually on March 1 and September 1 at rates ranging between 2.00% and 4.00%. The bonds provide for early redemption features on or after September 1, 2022. The Bonds are scheduled to mature on September 1, 2041 and are secured by the full faith and taxing power of the Borough. Management has determined that the Water and Electric Funds are responsible for 61% and 39% of the debt respectively.

**DEFAULT PROVISIONS ON BONDS**

The bonds are general obligations of the Borough. The bonds are secured by the full faith, credit, and taxing power of the Borough. Such pledge is specifically enforceable but is subject to the limitations of bankruptcy, insolvency, and other laws or equitable principles affecting creditor rights generally. The Pennsylvania Local Government Debt Act prescribes certain remedies to the registered owners of the bonds upon the occurrence of default. If the Borough fails to make adequate provision in its budget, for any year, the sum payable on the bonds, or fails to appropriate or pay the monies necessary in such year for the payment of maturing principal and interest on the bonds, the registered owners may bring suit in the Court of Common Pleas of Allegheny County directing the Borough to make such obligated payments.

If the default continues for a period of thirty days, or if the Borough fails to comply with any provision of either the bonds or ordinance, any registered owner has the right to recover the amount due in an action in assumpsit in the Court of Common Pleas of Allegheny County. In lieu of the remedies described, if the default continues for a period of thirty days, or if the Borough fails to comply with any provision of either the bonds or ordinance, the bond holders of 25% in aggregate principal amount of the bonds outstanding may appoint a trustee to represent the bond holders to commence a lawsuit to enforce the rights of all registered bondholders. All taxable real estate in the Borough is subject to ad valorem taxation without limitation as to rate or amount to pay debt service on the bonds

The bonds carry a commitment from Assured Guaranty Municipal Corporation under which an insurance policy will be issued at the time of delivery of the bonds, which policy assure the payment of the principal and interest to the registered owners of the bonds.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 9 – LONG-TERM DEBT OBLIGATIONS - PROPRIETARY FUNDS (Continued)**

A schedule of the December 31, 2021 debt service requirements on the Proprietary Fund's general obligation bonds is as follows:

| <b>Year End<br/>31-Dec</b> | <b>2011<br/>Principal</b>  | <b>2016<br/>Principal</b>  | <b>Interest</b>            | <b>TOTAL</b>               |

| 2027-2031                  | 520,000                    | 290,000                    | 536,296                    | 1,346,296                  |
| 2032-2036                  | -                          | 995,000                    | 354,750                    | 1,349,750                  |
| 2037-2041                  | -                          | 1,200,000                  | 148,000                    | 1,348,000                  |
|                            | <b><u>\$ 1,045,000</u></b> | <b><u>\$ 2,600,000</u></b> | <b><u>\$ 1,741,911</u></b> | <b><u>\$ 5,386,911</u></b> |

The Borough has defeased certain bond issues by entering into an irrevocable trust agreement to purchase U.S. Government Securities in an amount sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, this prior debt is considered defeased and therefore removed as a liability from the Borough's financial statements. The difference between the Borough's defeased debt and the reacquisition price (amount deposited with escrow agent for refunding purposes), is considered 'deferred interest' and is being amortized over the life of the new bond issue. The remaining amount of deferred interest on refunding totaling \$384,562 is reflected as a component of 'deferred outflows of resources' in the business-type activities column on the government-wide statement of net position. Total amortization for the 2021 fiscal year was \$21,852 and was charged to the 'Electric and Water Fund' expense category in the statement of activities.

**DIRECT BORROWING - LEASE PURCHASE OBLIGATION**

On December 27, 2011, the Borough of Tarentum entered into a lease-purchase agreement with Key Government Finance in the amount of \$1,456,256 for the purchase of a water and electric metering system. The terms of the lease call for semi-annual principal and interest payments totaling \$72,812.80 with an interest rate of 3.21%. The lease is scheduled to expire on June 1, 2022. Management has determined that the Water and Electric Funds are each responsible for 50% of the debt.

A schedule of the December 31, 2021 debt service requirements on the Proprietary Fund's lease purchase obligation is as follows:

| <b>Year End<br/>31-Dec</b> | <b>2011<br/>Principal</b> | <b>Interest</b>        | <b>TOTAL</b>            |
|----------------------------|---------------------------|------------------------|-------------------------|
| 2022                       | <b><u>\$ 71,663</u></b>   | <b><u>\$ 1,150</u></b> | <b><u>\$ 72,813</u></b> |

**DEFAULT PROVISIONS – LEASE PURCHASE OBLIGATION**

If any Event of Default occurs on the above lease, all commitments and obligations of Lessors, under the lease agreements, immediately will terminate (including any obligation to make further loan advances or disbursements), and at the option of the Lessor, all indebtedness immediately will become due and payable, all without notice of any kind to the Borough. The leases also contain provisions that allow the Lessor the right to take possession of the leased equipment.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 10 – CHANGES IN LONG-TERM DEBT OBLIGATIONS**

**NOTE 11 - BOROUGH PENSION PLANS**

The following is a summary of the Borough of Tarentum's defined benefit pension plan:

**POLICE PENSION PLAN** - The Borough of Tarentum's police pension plan established May 19, 1958, is a single-employer defined benefit pension plan established to provide retirement and death benefits to qualified police department employees under the provisions governing pension plans in the Commonwealth of Pennsylvania and Borough Council ordinances. The plan is governed by the members of Borough Council who are responsible for the management of plan assets. PNC Institutional Asset Management is the custodian of the funds.

Plan membership as of December 31, 2021 was comprised of:

|                                                         |           |
|---------------------------------------------------------|-----------|
| Active employees                                        | 10        |
| Retirees and beneficiaries currently receiving benefits | 2         |
| Surviving spouses                                       | 2         |
| Term vested                                             | 2         |
| Total                                                   | <u>16</u> |

A summary of the plan's provisions are as follows:

|                                |                                                                     |
|--------------------------------|---------------------------------------------------------------------|
| <b><u>PARTICIPANTS</u></b> -   | All permanent members of the Borough of Tarentum police department. |
| <b><u>ELIGIBILITY</u></b> -    | Attainment of age 50 and 25 years of service.                       |
| <b><u>EARLY RETIREMENT</u></b> | None permitted.                                                     |

**POLICE PENSION PLAN (Continued)**

|                                    |                                                                                                                                                                                                                                                                                                                                                                                       |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>BENEFITS</u></b> -           | Based on one-half of the participant's average monthly salary earned during the final 36 months of employment at retirement plus a service increment.                                                                                                                                                                                                                                 |
| <b><u>VESTING</u></b> -            | Participants are entitled to a vested deferred benefit after 12 years of service.                                                                                                                                                                                                                                                                                                     |
| <b><u>SURVIVOR BENEFIT</u></b> -   | Before retirement eligibility: refund of contributions with interest. After retirement eligibility: Surviving spouse will receive 50% of the amount that the participant was receiving or was eligible to receive, for life. In event of spouse's death, the participant's children under age 18 will share the benefit. Killed in service removed in accordance with Act 51 of 2009. |
| <b><u>DISABILITY BENEFIT</u></b> - | Service related: 75% of wages until 65; 50% thereafter. Act 30 benefit no less than 50% of wages at date of disablement offset by Social Security disability benefit.                                                                                                                                                                                                                 |
| <b><u>FUNDING</u></b> -            | Employee contributions are currently not required. Borough contributions are determined by the Actuary. Annual contributions are received from the Commonwealth as provided by Act 205, the General Municipal Pension System State Aid Program.                                                                                                                                       |

**TOTAL PENSION LIABILITY, PLAN FIDUCIARY NET POSITION, AND NET PENSION LIABILITY**

The components of the net pension liabilities for the police pension plan at December 31, 2021 are as follows:

|                                                                      |                            |
|----------------------------------------------------------------------|----------------------------|
| Total pension liability*                                             | \$ 3,642,758               |
| Plan fiduciary net position                                          | (4,055,643)                |
| Net pension liability(asset)                                         | <u><u>\$ (412,885)</u></u> |
| Plan fiduciary net position as a %<br>of the total pension liability | -111.33%                   |

\* The Borough of Tarentum's total pension liability for the police pension plan was determined by an actuarial valuation as of January 1, 2021.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**POLICE PENSION PLAN (Continued)**

**LONG-TERM EXPECTED RATE OF RETURN ON INVESTMENTS**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which a best-estimate of expected future real rates of return is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of real rates of return for each major asset class included in the foremen's and police pension plan's target asset allocation were provided through a poll of major investment advisory firms and are summarized as follows:

| <b>Asset Class</b>               | <b>Target Allocation</b> | <b>Long-Term Expected Real Rate of Return (Gross)</b> | <b>Long-Term Expected Real Rate of Return (Real)</b> |
|----------------------------------|--------------------------|-------------------------------------------------------|------------------------------------------------------|
| Domestic Equity                  | 50%                      | 6.98%                                                 | 4.73%                                                |
| International Equity             | 15%                      | 8.30%                                                 | 6.05%                                                |
| Fixed Income                     | 35%                      | 2.20%                                                 | -0.05%                                               |
| Long-term assumed inflation rate |                          | 2.25%                                                 |                                                      |

**DISCOUNT RATE**

The discount rate used to measure the total pension liability at December 31, 2021 is 6.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions would continue at the current rates, and that the employer would contribute the Minimum Municipal Obligation in the future. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

**SENSITIVITY OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE**

The following presents the net pension liability of the Borough of Tarentum's police pension plan, calculated using the discount rate of 6.75%, as well as what the Borough's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.75%) or 1 percentage point higher (7.75%) than the current rate:

|                              | <b>1% Decrease<br/>5.75%</b> | <b>Current<br/>Discount Rate<br/>6.75%</b> | <b>1% Increase<br/>7.75%</b> |
|------------------------------|------------------------------|--------------------------------------------|------------------------------|
| Total Pension Liability      | \$ 4,128,166                 | \$ 3,642,758                               | \$ 3,246,257                 |
| Plan Fiduciary Net Position  | 4,055,643                    | 4,055,643                                  | 4,055,643                    |
| Net Pension Liability(Asset) | <u>\$ 72,523</u>             | <u>\$ (412,885)</u>                        | <u>\$ (809,386)</u>          |

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**PENNSYLVANIA MUNICIPAL RETIREMENT SYSTEM (PMRS)**

**DESCRIPTION OF PLAN**

The Borough of Tarentum pension plan is a single-employer defined benefit pension plan controlled by the provisions of Resolution No. 01-08 adopted pursuant to Act 15 of 1974. The plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. The Plan is not subject to fiduciary reporting as the Borough's Board is not the same as the Pension Board, the Plan's budget or contribution requirements are not approved by the Borough, and the Borough does not have control of the pension plan assets. PMRS issues a separate Comprehensive Annual Financial Report (CAFR). A copy of the CAFR can be obtained by contacting the PMRS accounting office or visiting their website at [pmrs.state.pa.us](http://pmrs.state.pa.us).

**PLAN MEMBERSHIP**

Plan membership consisted of the following as of December 31, 2020:

|                                     |           |
|-------------------------------------|-----------|
| Active plan members                 | 16        |
| Retirees and beneficiaries          |           |
| currently receiving benefits        | 16        |
| Terminated employees entitled to    |           |
| benefits but not yet receiving them | 1         |
| Total                               | <u>33</u> |

**PLAN BENEFITS**

The plan provides retirement and death benefits to eligible plan members and their beneficiaries. Effective January 1, 2009, the plan allows for a normal retirement benefit at age 60 or older with at least 20 years of credited service. No early retirement benefits are available. Monthly pension benefits are detailed in plan documents. Participants are fully vested upon completion of three (3) years of service.

**PLAN CONTRIBUTION REQUIREMENTS**

Employer contributions are actuarially determined reflecting a payment equal to annual Normal Cost, the expected Administrative Expenses, and an amount necessary to amortize the remaining Unfunded Actuarial Liability as a level dollar amount over a closed period. This contribution is based upon the Minimum Municipal Obligation (MMO) as defined in Act 205. For the calendar year 2020, the Borough contributed \$135,782 to the plan. This contribution to the pension plan, subsequent to the measurement date of the Borough's net pension liability (NPL), is recognized as a component of 'deferred outflows of resources – pension' on the statement of net position. Employee contributions are currently not required.

\* Reflects the net investment income/(loss) of \$673,660 and income/(loss) due to the difference between expected and actual asset values of \$32,340 which includes the impact from allocation of assets in support of the underlying retiree liabilities.

The above does not reflect changes in benefits, assumptions, or reserve accounts after January 1, 2020. Because the beginning and end of year TPL are based upon the same actuarial valuation dates, there is no difference between expected and actual experience reported this year. The beginning of year TPL is based upon the January 1, 2019 actuarial valuation with liabilities measured at December 31, 2018. The end of year TPL is based on the same actuarial valuation with liabilities rolled forward to December 31, 2019.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**PENNSYLVANIA MUNICIPAL RETIREMENT SYSTEM (PMRS) (Continued)**

**ACTUARIAL ASSUMPTIONS**

The TPL as of December 31, 2019, was based upon the following actuarial assumptions:

- **Actuarial Cost Method** – Entry Age Normal.
- **Rates of Pre-Retirement Mortality** – Males: RP 2000 male non-annuitant table projected 15 years with Scale AA; Females: RP 2000 female non-annuitant table projected 15 years with Scale AA and then setback 5 years.
- **Rates of Post-Retirement Mortality** – Males: RP 2000 male annuitant table projected 5 years with Scale AA; Females: female annuitant table projected 10 years with Scale AA.
- **Disabled Life Mortality Rates**: Males and females: RP 2000 Combined table set forward 10 years.
- **Termination Rates Before Retirement**: Less than 25 active members – sliding scale 1 year 15% down to 10 plus years at 2.5%. More than 25 active members – sliding scale 1 year 18% down to 10 plus years at 4%.
- **Disability Incidence Rates**: Municipal - 40% of 1964 OASDI (Social Security) Experience for Males with adjustments. Uniformed plans - 60% of 1964 OASDI (Social Security) Experience for Males with adjustments. 15% of disablements are assumed to be service related for municipal plans, and 50% for uniform plans.
- **Workers Compensation**: Service-related disability benefits payable from municipal plans are offset by 25% of final average salary.
- **Salary Scale**: Sliding scale - age 25 (7.05%) down to age 65 (2.80%).
- **Rates of Retirement**: Municipal members - Under age 45 (2%), age 45 (8%), age 46 (10%), age 47-50 (15%), age 51-54 (17%), age 55 (22%), age 56-59 (14%), age 60-64 (18%), age 65 (25%), age 66-74 (20%), age 75 (100%). Uniformed members - Under age 49 (0%), age 50 (30%), age 51-54 (10%), age 55 (25%), age 56-58 (20%), age 59-60 (15%), age 61 (20%), age 62 (30%), age 63-64 (29%), age 65 (30%), age 66+ (100%).
- **Marital Status and Spouse's Age (if applicable)**: For plans with the 50% J&S form of payment, 80% of active members are assumed to be married. Male spouses are assumed to be 3 years older than female spouses.
- **Social Security Projections (if applicable)**: Social security wage base will increase 3.3% compounded annually; CPI will increase 2.8% compounded annually; average total wages will increase 3.3% compounded annually.
- **Post-Retirement Cost of Living Increases**: 2.8% per year, subject to plan limitations.
- **Investment Return**: 5.25% compounded annually, net of investment and certain administrative expenses.
- **Administrative expenses**: The expense assumption is based upon the expected expenses for the current year. The administrative expense consists of two pieces: 1) the PMRS administrative expenses (i.e., the \$20 per participant charge paid directly by the municipality, and 2) the additional administrative expenses in excess of the PMRS administrative expense that are paid through the Undistributed Earnings.

These assumptions are based on the PMRS Experience Study for the period covering January 1, 2009, through December 31, 2013, issued by the actuary in July 2015, as well as subsequent assumption changes approved by the Pension Board. The assumption changes from the Experience Study were first used for the December 31, 2015 measurement date. Effective with the December 31, 2016 measurement date, the Investment Return Assumption for municipal assets decreased from 5.5% to 5.25%.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**PENNSYLVANIA MUNICIPAL RETIREMENT SYSTEM (PMRS) (Continued)**

**SCHEDULE OF DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES**

The impact of investment gains or losses for expensing is recognized over a period of five years. The impact of experience gains or losses and assumption changes on the TPL are recognized in the pension expense over the average expected remaining service live of all active and inactive members of the Plan. There were no experience gains or losses between the beginning of the year and end of year liabilities because the liabilities are based on the same actuarial valuation dates. The following is a schedule of collective deferred inflows and outflows as of December 31, 2019:

|                                                                                        | <b><u>Deferred<br/>Outflows of<br/>Resources</u></b> | <b><u>Deferred<br/>Inflows of<br/>Resources</u></b> |
|----------------------------------------------------------------------------------------|------------------------------------------------------|-----------------------------------------------------|
| Differences between expected<br>and actual experience                                  | \$ 28,387                                            | \$ 81,775                                           |
| Changes of assumptions                                                                 | 24,549                                               | -                                                   |
| Net difference between<br>projected and actual earnings<br>on pension plan investments | -                                                    | 473,394                                             |
| Contributions after measurement date                                                   | 135,782                                              | -                                                   |
| TOTAL                                                                                  | <b><u>\$ 188,718</u></b>                             | <b><u>\$ 555,169</u></b>                            |

The \$135,782 reported as deferred outflows of resources related to pensions resulting from Borough contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the measurement date December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in subsequent audit reports as follows:

| <b><u>Year ended<br/>December 31,</u></b> |              |
|-------------------------------------------|--------------|
| 2020                                      | \$ (182,614) |
| 2021                                      | (138,151)    |
| 2022                                      | (40,268)     |
| 2023                                      | (141,200)    |
| 2024                                      | -            |
| Thereafter                                | -            |

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**PENNSYLVANIA MUNICIPAL RETIREMENT SYSTEM (PMRS) (Continued)**

**PENSION EXPENSE**

The annual pension expense recognized can be calculated two different ways. First, it is the change in the amounts reported on for the Employer's Statement of Net Position that relate to the plan and are not attributable to employer contributions. That is, the change in Net Pension Liability (NPL) plus the changes in deferred outflows and deferred inflows plus employer contributions.

Alternatively, annual pension expense can be calculated by its individual components. Although not required by GASB, PMRS provides an example of this calculation at [pmrs.state.pa.us/yearendrptg](http://pmrs.state.pa.us/yearendrptg).

**LONG-TERM EXPECTED RATE OF RETURN ON PLAN ASSETS**

The PMRS System's long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the Long-Term Expected Rate of Return, by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2019, are summarized in the table below labeled "System Nominal and Real Rates of Return by Asset Class." These are three steps to the method as follows:

There are three steps to the method as follows:

1. Expected future real rates of return are based primarily on the 20-year nominal rates of return as reflected by applicable return indexes and may be adjusted for specific asset classes if, in the Board's opinion, any such asset classes are expected in the future to significantly vary from its 20 year returns.
2. The nominal rates of return by asset class are adjusted by the System's investment expenses and an expected future annual inflation rate of 2.2% to produce the long-term expected real rates of return.
3. The long-term expected real rates of return are further adjusted by weighing each asset class using the PMRS portfolio target asset allocations.

The results from steps 1 through 3 are shown below in the table below:

**System Nominal and Real Rates of Return by Asset Class**

| <b>Asset Class</b>                          | <b>Target<br/>Asset<br/>Allocation</b> | <b>Nominal<br/>Rate of<br/>Return</b> | <b>Long-Term<br/>Expected<br/>Real Rate<br/>of Return</b> |
|---------------------------------------------|----------------------------------------|---------------------------------------|-----------------------------------------------------------|

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**PENNSYLVANIA MUNICIPAL RETIREMENT SYSTEM (PMRS) (Continued)**

**LONG-TERM EXPECTED RATE OF RETURN ON PLAN ASSETS (Continued)**

Based on the three-part analysis, the Board established the System's Long-Term Expected Rate of Return at 6.7%.

In addition to determining the System's Long-Term Expected Rate of Return, the PMRS Board, under the laws of the Commonwealth of Pennsylvania (Act 15 of 1974), is obligated to develop and apply the Regular Interest Rate to each of the individual participating municipalities' actuarial asset accounts held by PMRS. The rationale for the difference between the System's Long-Term Expected Rate of Return and the individual participating municipalities' Regular Interest Rate is described in the following section "Discount Rate." As of December 31, 2019, this rate is equal to 5.25%.

The Board has determined the minimum acceptable confidence level for achieving the Regular Interest Rate to be 60%. The table below labeled "Confidence Levels for System Nominal and Real Rates of Return" identifies simulated portfolio returns at various confidence levels based on the most recent asset allocation study conducted by the Boards' investment consultant, Dahab Associates

**Confidence Levels for System Nominal and Real Rates of Return**

| <b>Confidence<br/>Interval</b> | <b>Nominal<br/>Rate of<br/>Return</b> | <b>Long-Term<br/>Expected<br/>Real Rate<br/>of Return</b> |
|--------------------------------|---------------------------------------|-----------------------------------------------------------|
| 95%                            | 2.2%                                  | -0.5%                                                     |
| 90%                            | 3.1%                                  | 0.5%                                                      |
| 85%                            | 3.8%                                  | 1.1%                                                      |
| 80%                            | 4.3%                                  | 1.6%                                                      |
| 75%                            | 4.7%                                  | 2.1%                                                      |
| 70%                            | 5.1%                                  | 2.4%                                                      |
| 60%                            | 5.8%                                  | 3.2%                                                      |

**DISCOUNT RATE**

While it is often common practice to establish an actuarial Discount Rate that is equal to the Long-Term Expected Rate of Return, PMRS is required by law (Act 15 of 1974) to establish a Discount Rate equal to the Regular Interest Rate. (Regular Interest Rate/Discount Rate). The PMRS Board establishes the Regular Interest Rate on the basis of expected stable and consistent earnings on investments to be applied to the accounts of the individual participating municipalities and includes the accounts of plan participants, municipalities, and plan retirees each year. As a starting point, the Board considers the following five quantitative factors in establishing the Regular Interest Rate/Discount Rate:

1. Retiree Plan liability as a percentage of total Plan liability,
2. Active Plan participant liability as a percentage of total Plan liability,

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**PENNSYLVANIA MUNICIPAL RETIREMENT SYSTEM (PMRS) (Continued)**

**LONG-TERM EXPECTED RATE OF RETURN ON PLAN ASSETS (Continued)**

**DISCOUNT RATE (Continued)**

3. Smoothed annuity purchase rates (Pension Benefit Guarantee Corporation (PBGC) annuity rates have been used as a proxy for this).
4. PMRS System Long-Term Expected Rate of Return, and
5. PMRS investment expenses

The formula using these factors is as follows:

Regular Interest Rate = (Retiree Liability Percentage x Smoothed PBGC Annuity Rates) + (Active Employee Liability Percentage x System Long-Term Expected Rate of Return) – (Investment Expenses as a percentage of assets)

The Board may then adjust the Regular Interest Rate/Discount Rate derived from the formula against a variety of qualitative factors such as the desire to minimize Regular Interest Rate/Discount Rate volatility, probability of achieving the Regular Interest Rate, varying levels of asset allocation and liquidity, trending of annuity rates, total PMRS actuarial and market value funding ratios, feedback from existing PMRS municipalities, and recommendations from the System's investment and actuarial consultants. The Regular Interest Rate/Discount Rate adopted by the Board and used to measure the individual participating municipalities' total pension liability was 5.25% as of December 31, 2019.

The Regular Interest Rate/Discount Rate will likely result in a System Long-Term Expected Rate of Return. Should the System experience a prolonged period of investment returns in excess of the Regular Interest Rate/Discount Rate, the Board is authorized to allocate any applicable portion of any such excess in accordance with Board policies in the form of Excess Interest as provided for in the law.

The projection of cash flows for each underlying municipal plan, used to determine if any adjustment to the Regular Interest Rate/Discount Rate was required ("depletion testing"), used the following assumptions: 1) member contributions will be made at the current contribution rate, 2) participating plan sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate, and 3) the System's Long-Term Expected Rate of Return will be used in the depletion testing of projected cash flows. Based on those assumptions, the PMRS pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

**NOTE 11 - BOROUGH PENSION PLANS (Continued)**

**PENNSYLVANIA MUNICIPAL RETIREMENT SYSTEM (PMRS) (Continued)**

**LONG-TERM EXPECTED RATE OF RETURN ON PLAN ASSETS (Continued)**

**SENSITIVITY OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE**

Changes in the discount rate affect the measurement of the TPL. Lower discount rates produce a higher TPL, and higher discount rates produce a lower TPL. Because the discount rate does not affect the measurement of assets, the percentage change in the NPL can be very significant for a relatively small change in the discount rate. The table below shows the sensitivity of the NPL to the discount rate with two additional measures, plus and minus one percent from the rate used for the disclosure.

|                                                                      | <b><u>1% Decrease</u></b><br><b><u>(4.25%)</u></b> | <b><u>Discount Rate</u></b><br><b><u>(5.25%)</u></b> | <b><u>1% Increase</u></b><br><b><u>(6.25%)</u></b> |
|----------------------------------------------------------------------|----------------------------------------------------|------------------------------------------------------|----------------------------------------------------|

**NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION**

**PLAN DESCRIPTION**

The Borough of Tarentum administers a single-employer defined benefit health care plan ("the Retiree Health Plan"). The Retiree Health Plan provides healthcare insurance (including prescription) until retirees and spouses are Medicare eligible (spousal benefits end when the spouse reaches Medicare eligibility regardless of the age of the participant) and a \$2,500 death benefit for eligible retirees through the Borough's group health insurance plan, which covers both active and retired members. Benefit provisions are established through negotiations between the Borough and the unions representing Borough employees and are renegotiated each bargaining period. In addition, coverage is provided for management and elected officials. The Retiree Health Plan does not issue a publicly available financial report.

The plan is unfunded and does not issue a publicly available financial report. These benefits are accounted for in accordance with GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions".

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION**

**FUNDING POLICY**

The contribution requirements of the Borough and plan members are established through negotiations with the Borough's unions. Contribution requirements for management and elected officials are established by Borough Council. The required contribution is based on pay-as-you-go financing. The Borough self-insures in-network deductible amounts between \$250 - \$1,000 (\$500 - \$2,000 for family coverage). Out of network deductible is \$2,000 (\$4,000 for family coverage).

**EMPLOYEES COVERED BY BENEFIT TERMS**

As of December 31, 2020, the following employees were covered by the benefit terms:

|                                 |           |
|---------------------------------|-----------|
| Active participants             | 28        |
| Participants receiving benefits | -         |
| Total                           | <u>28</u> |

The Borough's total OPEB liability of \$154,806 was measured as of December 31, 2020 and was determined by an actuarial valuation performed as of January 1, 2021.

**ACTUARIAL ASSUMPTIONS AND OTHER INPUTS**

The total OPEB liability was determined using the following significant actuarial assumptions and other inputs applied to all periods included in the measurement, unless otherwise specified:

- **Funding Method** – Entry age normal (% of compensation)
- **Discount Rate** – 2.00%
- **Mortality** – RP-2014 no collar w / MP-2020- head-count weighted rates
- **Turnover** – T-1
- **Future Retirement Participation** – Police - 10%, Non-Uniform – 20%
- **Rates of Disablement** – None assumed
- **Assumed Retirement Age** – Police – Later of age 55 & 25 years of service, Non-Uniform – Age 60
- **Health Care Cost Trends** – 1<sup>st</sup> 5 years 7%, next 6 years 7%, next 7 years 6%, ultimate trend 5%
- **Base Per Capita Costs (monthly)** – Health from \$788.45 at age 50 to \$1,324 at age 64, Life – Police : \$6.10 and Life - Non-uniformed: \$6.35
- **Salary Increase** – 4%
- **Assumed Retirement Age** – NRA or attained age if later
- **Benefit Commitment** – Police (medical) 5 years of coverage, none after 65, Non-Uniform (medical) 3 years of coverage, none after 65, Both (medical) no coverage if other coverage available,
- **Life** - \$10,000
- **Spouse Coverage** – covered only when retiree covered

| 2023                | (2,513)             |
| 2024                | (2,513)             |
| 2025                | (2,513)             |
| 2026                | (2,513)             |
| thereafter          | (18,886)            |

**NOTE 13 – OPERATING LEASES**

In January of 2021, the Borough of Tarentum entered into a lease agreement with Toshiba Business Solutions for a copier. The terms of the lease call for monthly payments of \$857.92 for a period of sixty (60) months. In September of 2021, the Borough of Tarentum entered into a lease agreement with Quadient Leasing USA for a mailing machine. The terms of the lease call for monthly payments of \$490 for a period of sixty (60) months.

The maximum future non-cancelable operating lease payments are as follows:

| <b>Fiscal Year ended</b> |               | <b>Mailing</b> |
|--------------------------|---------------|----------------|
| <b>December 31,</b>      | <b>Copier</b> | <b>Machine</b> |
| 2022                     | \$ 10,296     | \$ 5,880       |
| 2023                     | 10,296        | 5,880          |
| 2024                     | 10,296        | 5,880          |
| 2025                     | 10,296        | 5,880          |
| 2026                     | 858           | 3,920          |

**NOTE 14 – RISK MANAGEMENT**

The Borough of Tarentum is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks, if applicable, have not exceeded commercial insurance coverage for the past three years.

**NOTE 15 – COMMITMENTS AND CONTINGENT LIABILITIES**

**LEGAL MATTERS**

The Borough of Tarentum, in the normal course of operations, is party to various legal matters normally associated with municipalities such as real estate tax assessment appeals, personnel wage and benefits, and other miscellaneous legal matters. As of December 31, 2021, the Borough is unaware of any pending litigation that would be material to the financial position of the Borough of Tarentum.

**BOROUGH OF TARENTUM**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 15 – COMMITMENTS AND CONTINGENT LIABILITIES (Continued)**

**STATE FUNDING**

The Borough of Tarentum's state funded programs, including its pension funds, are subject to program compliance audits by various governmental agencies. The audit scopes of these program compliance audits are different than the scope of financial audits performed by an outside, independent certified public accounting firm. The Borough is potentially liable for any expenditure disallowed by the results of these program compliance audits. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

**NOTE 16 – COMMITMENTS AND CONTINGENT LIABILITIES**

**COVID-19 IMPLICATIONS**

Early in 2020, a new strain of the coronavirus (COVID-19) began its global pandemic spread, including to the United States, negatively affecting many aspects of society and the economy. The impact of the virus is on-going and varies from region to region and from day to day, and any significant additional spreading of the virus could adversely affect the Borough's operations and finances. The outbreak of the COVID-19 virus is likely to have a negative impact in 2022 on the global and local economy and, might impact the Borough's financial results in 2022 and beyond. Given the dynamic nature of this pandemic, however, the extent to which the COVID-19 virus impacts the Borough's results will depend on future developments, which remain highly uncertain and cannot be predicted at this time.

**NOTE 17 – CHANGE IN PRESENTATION**

As of January 1, 2021, The Borough of Tarentum converted their Storm Sewer Fund, which was previously a governmental fund and combined with the General Fund, into a proprietary fund. The change in presentation had no effect on fund balance.

**NOTE 18 – SUBSEQUENT EVENTS**

**GENERAL OBLIGATION BONDS – SERIES OF 2022**

In February of 2022, The Borough of Tarentum issued General Obligation Bond, Series of 2022 in the amount of \$7,505,000 to (1) fund capital improvements to various Borough facilities; (2) refund all of the Borough's outstanding General Obligation Bonds, Series of 2011; (3) refund all of the Borough's outstanding General Obligation Bonds, Series of 2016; (4) fund a Capitalized Interest Account; and (5) pay the costs of issuing and insuring the Bonds. The bonds were issued in denominations of \$5,000 with interest payable on March 1st and September 1 and each year through maturity. The stated interest rates range is 2.0% to 3.0% with the bonds maturing on September 1, 2045. The bonds provide for early redemption options for the Borough as more fully described in the detailed Official Statement.

Management has determined that there are no events subsequent to December 31, 2021 through the August 20, 2022 date of the 'Independent Auditor's Report', which is the date the financial statements were available to be issued, that require disclosure in the financial statements.
