Comments or Special Instructions:
This quotation is in response to RFQ from customer for equipment and services for the scope of work outlined below. Labor and expenses quoted are on a fixed price basis.

DESCRIPTION	AMOUNT
TARENTUM WTP COMPUTER AND SOFTWARE UPGRADE The scope of work for this effort is to upgrade the existing SCADA computer at the Tarentum WTP to a new Windows 11 Pro Computer, Upgrade the existing FactoryTalk View SE software from version 10 to the latest version 13, move the existing FactoryTalk View Development software to the new computer, and provide and setup the latest version of Win911 for alarming. Programming, Software, Installation, and Startup is included in pricing. Sales Tax is excluded from pricing. **NOTE:** The new version of Win-911 is now subscription based. The first three years of service is included in pricing. After the first three years the cost is roughly $4,800.00 for a three year subscription. With this subscription you will receive free software upgrades, as well as access to the mobile application so you can virew and acknowledge alarms right from your smartphone.	$ 24,500
TOTAL	$ 24,500
