PROPOSAL 26 – 30
REPLACE BAD VALVE IN CLEAR WELL #3

DATE: September 6, 2026

ATTN: Tom Wesoloski

EMAIL: Twesoloski@tarentumboro.com

JOB LOCATION: Tarentum Water Plant, Clear Well

JOB PROPOSAL: To remove the old waterman valve due to a decaying frame. The new waterman valve, P-30, is made with bronze seats. This process will involve the removal of the stem and pedestal. Next, we will remove all 16 bolts located around the flange. Then, proceed with lifting the old valve out of the clear well. The flange will need to be cleaned before the process of installation of the new valve.

COSTS:

- | | |
|---------------------------------------|------------|
| • Daily rate for 8-Hour Port to Port | \$5,820.00 |
| • Overtime rate over 8 hours per hour | \$1,091.25 |

MATERIALS:

- | | |
|---|-------------|
| • Consumables: Tools, gas | \$ 1,500.00 |
| • Waterman P-30 Valve with Bronze Seats | \$ 7,372.30 |
| • Shipping Charges | \$ 1,330.00 |
| • 1 Stainless 1 1/8" bolts and nuts | \$ 379.39 |
| • Shipping Charges | \$ 73.50 |
| • Gasket | \$ 9.78 |

******* Suggestion is to order two valves due to the condition of the other valves**

MATERIAL UP FRONT COSTS (FOR ONE VALVE): **\$10,684.97**

ESTIMATED PER VALVE WORKDAYS: (ONLY DAYS USED WILL BE CHARGED):

3 – 5 Days

PAYMENT TERMS:

- Due upon receipt/30 days.
- Interest is charged on past due accounts at a rate of 1 ½% per months.

DO NOT EXCEED FORMULA:

- (Max Days + 2 Hours Overtime per day + Materials)

DO NOT EXCEED TOTAL PER VALVE:

- Charges for this project will be based exclusively on days worked, ensuring cost efficiency.
- An estimated "Do Not Exceed" limit is \$39,695.88, unless additional authorization is provided by the designated project overseer from Tarentum Water Plant. Such approval may be granted in writing, via email, text message, or verbally, and must be documented before exceeding the specified limit.
